MEN'S FITNESS PROGRAM - CLASS DESCRIPTION

BOSU	Due to the great variety to Bosu workouts, there is a variety of benefits such as strength training, balance training or flexibility training. This class will challenge your muscular endurance, core strength, stability, balance and coordination.
BOOT CAMP	If you are looking for something different; our Boot camp workout is exactly what you are looking for. The trainer instructs in an outdoor environment where you test and develop your strength, stamina and cardiovascular system with a variety of own body weight exercises.
BOXING FITNESS	The class includes boxing techniques focusing on correct posture, footwork and combination punching and is ideal if you want to learn the fundamentals of boxing without the actual 'one on one' contact.
CARDIO WORKOUT	Tailored for the individual looking to increase fitness and burn fat fast! The instructor will guide you through exercises such as rowing, running, skipping, cycling and boxing. It's an ideal workout to get the heart pumping and lungs working.
CORE WORKOUT	It is a great workout that will shape your midsection and increase core strength. Keep in mind that maintaining a strong body core is important at any age; balance, posture and back health have been linked to core strength.
CYCLING MF	Indoor cycling class specifically designed to improve cardiovascular endurance and burn fat.
EXTREME TABATA	High-intensity training that produces remarkable results in both aerobic and anaerobic capacity. A Tabata workout is an interval training cycle of maximum intensity exercise, followed by a short rest, repeated without pause 8 times.
FARTLEK	'Fartlek' is a form of interval and speed training designed to improve pace and endurance. Challenge yourself with explosive running and conditioning exercises combined with recuperative slow jogging blocks.
FIT - BASKETBALL	This team workout incorporates ball games like futsal, football, basketball or volleyball and game components that are perfect for getting that ultimate all round fitness and will also challenge your balance, stability and deep core muscles.
FIT - FOOTBALL	This team workout incorporates ball games like futsal, football, basketball or volleyball and game components that are perfect for getting that ultimate all round fitness and will also challenge your balance, stability and deep core muscles.
FIT - FUTSAL	This team workout incorporates ball games like futsal, football, basketball or volleyball and game components that are perfect for getting that ultimate all round fitness and will also challenge your balance, stability and deep core muscles.
FIT - VOLLEYBALL	This team workout incorporates ball games like futsal, football, basketball or volleyball and game components that are perfect for getting that ultimate all round fitness and will also challenge your balance, stability and deep core muscles.
GROUP FITNESS	This circuit style class combines exercises such as boxing, skipping, push-ups, weights and spinning to provide the best possible all over body workout.
KETTLEBELL WORKOUT	This class provides fast strength, endurance and muscle toning results by challenging your muscular and cardiovascular systems. Technical aspects of the lifts will be covered along with challenging supporting drills and circuits.
KICKBOXING	This class combines cardio, boxing and marital arts and aims to improve strength, aerobic fitness, coordination and balance.
MEDBALL	Our challenging cardiovascular and resistance workout using the medicine ball will improve your core stability, muscular endurance, balance, coordination and flexibility. It's a great full body workout suitable for all ages and fitness abilities.
RIP & LIFT WORKOUT	Challenge every major muscle group with resistance bars and hand weights presented as stability, explosive power and rotational movements. This unique Aspire Active strength-based program takes its inspiration from RIP Group Rx choreographies using the proven RIP formula: Focusing on low weight loads and high repetition movements, you'll burn fat, gain strength and quickly produce lean body muscle conditioning.
ROLL & STRETCH	Learn to finish any workout on a positive note! This class is a combination of timed stretching and self-massages using a foam roller and teaches you to prevent muscle shortening, increase flexibility, reduce muscle soreness and improve your posture.
ROWING	Our indoor rowing class is a low impact group fitness exercise perfect for all ages and fitness levels and ideal for those looking for a challenging workout that enhances cardiovascular fitness, decreases body fat.
STRENGTH CIRCUIT	This is an ideal session to compliment the 'Cardio Workout' as it addresses the valuable strength component of fitness. Join this enjoyable circuit style session using bodyweight and resistance exercises.
TRX WORKOUT	The intense TRX workout features own bodyweight exercises utilizing the TRX suspension training system. Develop total body strength, balance, flexibility, joint stability and range.
X-FIT	Medium-intensive cross training class which combines multiple workouts styles. Provides excellent strength, endurance, energy and recovery benefits.
