Dear Aspire Academy graduates,

You are the 12th graduating class of academy students and join all our previous classes which have enriched our country's sporting landscape and produced stars in various sports.

Together our graduates have built Qatar's reputation through representing the country at a variety of Arab, regional and international sporting events.

To reach this point required significant work and determined effort from each of you. You have been put to the test, but you have succeeded thanks to your commitment, abilities and sacrifices. You deserve recognition and respect.

I sincerely hope that the long and arduous journey during the years that you spent at Aspire Academy has enriched you personally, athletically and culturally. And most importantly in terms of your appreciation for our great nation.

Now the ball is in your court.

Former Aspire Academy alumni have gone on to compete with elite international athletes and represented Qatar at various international forums in a way that has brought praise and recognition for the role played by our academy and its graduates in achieving such success.

Now it is your turn.

Your graduation in 2019 has coincided with a critically important event in the history of our young academy. That is the triumph of our national football team at the AFC Asian Cup 2019 which was held in the UAE - one of the countries unfortunately taking part in the siege on our beloved nation.

The national team which succeeded in such spectacular fashion at the AFC Asian Championship consists as you know of a large group of your fellow Aspire Academy graduates. And they were of course supported throughout by the academy's coaching, medical and administrative staff. They have raised the bar and you have a lot to live up to, as we all do. This requires us all to intensify our efforts and to maintain the Academy's achievements and excellent reputation.

HH the Amir Sheikh Tamim bin Hamad Al-Thani's praise for Aspire Academy in light of the remarkable results achieved by the academy's graduates, is a source of pride for all of us and a badge of honour. We now have a big responsibility to live up to in meeting the expectations of our wise leadership.

I invite you to live with passion and enjoy this life no matter what the particular circumstances you presently find yourself in. Be patient and give your all. Find something that you are passionate about and put your hand to it. Have faith in yourself and your abilities. Through hard work and commitment, you will achieve your goal. Naturally there will be obstacles, difficulties, and temporary defeats. But you can overcome these through determination and grit.

This academy was established to provide you with the very best technical and mental grounding to enable you to fulfil your potential and develop into independent and responsible grown men.

All the best.

**Ivan Bravo**  
Director General,  
Aspire Academy

Class of 2019,

It is an honour and a privilege to address each and every one of you. Those of you who graduate today have accomplished something genuinely significant and truly deserving of celebration. My entire team and I salute you all for this major achievement.

In reaching this point, you have completed a demanding course of study. It is one that will transform your life in many ways. Your education at Aspire Academy will expand the range of career paths open to you, increase your knowledge of the world and deepen your capacity to appreciate and engage with people from different backgrounds and cultures. It has provided you with a foundation for lifelong learning.

As well as congratulating you each individually for your success, I would also like to pay tribute to the family and friends who have supported each and every one of our graduate students through their time at the Academy. We understand the extent of your dedication and support and all that you have done to enable these young men to succeed. Please know that we fully appreciate the role that you have played in helping these graduates fulfil their potential and working together with us to help them complete the journeys on which they have embarked. Congratulations to you also and thank you for your support.

2019 is a year that all of us who live in Qatar will always remember. Not only does it mark the very first time in the history of the AFC Asian Cup that Qatar has won the finals of the tournament. Indeed, it is also the very first time that the Qatar national football team has progressed beyond the quarter finals in any AFC Asian Cup football tournament.

What makes us particularly proud is that 70 percent of the national squad achieved their success after completing the football programme at Aspire Academy. Nine of our graduates played against Japan in the final. One of them, Almoez Ali, received two awards for the tournament's Most Valuable Player and the top goal scorer. Fellow Aspire graduate Saad Al Sheeb was named the tournament's best goalkeeper and Akram Afif achieved the most assists in the tournament.

Everyone at Aspire has worked extremely hard in contributing to these remarkable achievements. And I would like to express my appreciation and extend my congratulations to Mohammed Khalifa Al Suwaidi and all the members of the Aspire Zone Foundation for the incredible teamwork and collaboration amongst AZF's member organisations - Aspire Academy, Aspetar, and Aspire Logistics. Teamwork and synergy are two of the key values that we aimed to instill in you during your time here at Aspire Academy. We rightly take immense pride in these values and they are critical to our long-term success. We hope you will keep all of them close to your hearts.

As this chapter in your lives comes to a close, a world full of opportunity awaits each and every one of you. So, whether you plan to pursue a career as an athlete, to join the military, or follow a family tradition of going to university, enjoy yourself. Be sure to have fun and apply your unique gifts to the opportunities that await you.

**Badr Al-Hay**  
Director of Education  
and Student Affairs

On this auspicious occasion, and to celebrate the graduates of Aspire Academy, the class of 2018/2019 which becomes the twelfth batch to graduate, I would like to take this opportunity to congratulate you students and parents and I pray God grant you the grace to continue the path of excellence that you started here at Aspire.

I would like to refer here to Aspire Academy's philosophy of bringing up generations of distinguished athletes who build on an education foundation that modifies behavior and builds a healthy personality by adopting a system of higher values that guides education through its policies, systems and regulations.

Since its establishment, the department of Education and Student Affairs has consistently achieved its objectives by overcoming barriers to success and considering the individual differences that satisfy the needs of students, psychologically, cognitively and skillfully. To this end, we are always dedicated to recruit staff with a high level of education and training, to be able to unleash the energies and abilities of our student-athletes to offer our society distinguished athletes and individuals who adopt the highest religious and societal moral values to preserve the structure of society and prevent the importation of ideas that destabilize societies.

Dear parents and graduates, we are harvesting today what was planted with honest efforts, even though the journey was full of difficulties and challenges. We have sown with water of values and ethics. Today we reap the fruits of our planting with immense pride.

Today, thanks to God first, and secondly to the dedicated team of educators, we have become an icon and benchmark to educating the student athletes in the world, especially after the great sporting achievements by our beloved country Qatar at many levels where Aspire graduates have gone on to play a pivotal role including contributing 70% of the Qatar team that won 2019 Asian Cup. Our ambition for the near future keeps growing with more achievements still to come, God willing.

Dear Colleagues ...

Thank you all, educators, coaches and administrators for your diligent efforts to develop the potential of our students-athletes, your efforts are appreciated, and I am proud of you all.

Dear Graduates,

You are the holders of flags of excellence, let your banners fly proudly in several colors from sports to education to behavior, personality and manners. My most sincere congratulations and blessings, God bless you and your families.

**Jassem Al-Jaber**  
School Principal

Distinguished parents, Dear graduates and colleagues ...

I would like to take this opportunity to extend my sincere congratulations to you on this graduation, which becomes the 12th edition of this august occasion of Aspire Academy students who have become the bedrock producing stars at all levels of sports, academia and personality for our beloved nation.

Dear Parents, colleagues & Students Athletes ...

To achieve our educational goals, the Department of Education has obtained quality accreditation for the Aspire School from the Council of International Schools (CIS) and next year all the departments of ESA will be exposed to the reaccreditation session, to ensure that what we do here at Aspire meets the latest internationally recognized educational standards.

Our eyes today look forward to the future and we are confident that our students will not let us down and will meet the merits of the stage, we have worked from the beginning to enhance the achievement of education and sports in addition to nurturing the leadership skills in the personality of the SAs who believe in God and belong to the homeland.

The ancient Chinese have compared the will of man to a cart drawn by two horses that represent mind and emotions; the two horses should move in the same direction until the vehicle moves. The commitment is the product of persuading your mind and emotions to move forward.

Our dreams are great, and we work professionally to achieve them. We have plans, procedures and deadlines for every goal. We have a distinguished team, I want to express my pride in your competence, patience and willingness.

Thank you for your effort and cooperation.

Dear SAs,

In this age where learning is among the most important pillars on which nations depend on their development, I recommend that you continue the journey that you started at Aspire while maintaining your sports' excellence; This is what distinguishes you from the others and remember that your home at Aspire is happy to host you and support you anytime.

I reiterate my congratulations to all and God's peace, mercy and blessings be upon you.

*Faisal Azadi*

### Coaches' Note

We are very happy with Faisal's development. He really showed that he can be a fighter – especially when he worked his way back after a serious injury, that forced him on the sidelines for 6 months. He grew a lot during his time at the Academy, he started taking responsibility on the pitch, he developed a good feeling for managing time and space on the pitch, which is quite an asset for holding midfielder like himself. He proved his skills at the 2019 Al Kass International Cup and he has all the skills to make it in the first team at his club Al Sadd.

### Teachers' Note

Faisal is a conscientious, hard-working student, who shows responsibility and is eager to participate in classroom activities. He is a distinguished student in his manners and he is skillful in dealing with his teachers and fellow students. Most of all, he loves being part of Aspire and he is really passionate about his sport.
